PRODUCT FAMILY / 12 SELECTION REFERENCES

Panel Buzzers

Panel-mounted audible indicators with sound-only and combined light-and-sound selections.

Illustrative category image; supplied configuration is confirmed at quotation.

PRODUCT OPTIONS

Sound only / Illuminated / Continuous / Intermittent

INCLUDE IN YOUR ENQUIRY

- Supply voltage and AC/DC
- Panel cut-out
- Sound pattern
- LED colour
- Sound level at stated distance

MODEL & SPECIFICATION REFERENCES

Panel Buzzers

Select a reference and add quantity, material / finish, dimensions and the application requirements. Final supply is subject to quotation.

REFERENCE	CONFIGURATION	INFORMATION TO CONFIRM
22 mm / 12 V AC/DC / sound only	Panel buzzer	12 V AC/DC; sound only; specify continuous or intermittent pattern.
22 mm / 12 V AC/DC / LED	Illuminated panel buzzer	12 V AC/DC; LED and sound; specify colour and sound pattern.
22 mm / 24 V AC/DC / sound only	Panel buzzer	24 V AC/DC; sound only; specify continuous or intermittent pattern.
22 mm / 24 V AC/DC / LED	Illuminated panel buzzer	24 V AC/DC; LED and sound; specify colour and sound pattern.
22 mm / 110 V AC / sound only	Panel buzzer	110 V AC; sound only; specify continuous or intermittent pattern.
22 mm / 110 V AC / LED	Illuminated panel buzzer	110 V AC; LED and sound; specify colour and sound pattern.
22 mm / 220 V AC / sound only	Panel buzzer	220 V AC; sound only; specify continuous or intermittent pattern.
22 mm / 220 V AC / LED	Illuminated panel buzzer	220 V AC; LED and sound; specify colour and sound pattern.
22 mm / 12–24 V DC / continuous	Continuous panel buzzer	12–24 V DC; non-illuminated; continuous sound.
22 mm / 12–24 V DC / intermittent	Intermittent panel buzzer	12–24 V DC; non-illuminated; intermittent sound.
22 mm / 12–24 V DC / red flash	Flashing red buzzer	12–24 V DC; red flashing LED; intermittent sound.
22 mm / 12–24 V DC / yellow flash	Flashing yellow buzzer	12–24 V DC; yellow flashing LED; intermittent sound.

AC-only and DC-only versions are not interchangeable. Confirm the actual supply, cut-out tolerance, sound level at a stated distance and flash pattern before ordering.
